

M Range Rotary Cutter

KANGA M Range Rotary Cutters are medium to heavy-duty implements. Designed to clear, cut and maintain scrub and regrowth they are suited to tractors from 50 - 80hp.

When it comes to standard inclusions and performance, the KANGA M Range has few competitors. The multi-mount tower, and blade bolt inspection hole in the deck, provide flexibility and easy maintenance. Front and rear incorporated safety chains come standard, for maximum safety.

The hot dipped, galvanized, 4mm deck is fully reinforced underneath, creating a clean top design that reduces the collection of debris and water.

The lowered, reinforced, spring steel cutter bar is powered by a high speed/high ratio gearbox. This allows a large volume of material to be finely cut and quickly discharged without reducing the blade tip speed.

The KANGA M Range has been refined over the last thirty years, based on feedback from customers and dealers around Australia.

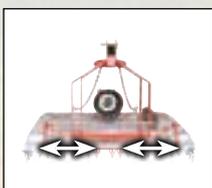

Code	KSMR150	KSMR180	KSMR210
Size reference	1.5m 5'0" 60"	1.8m 6'0" 72"	2.1m 7'0" 84"
Construction	4mm, round-back, clean top deck with reinforced subframe		
Gearbox	75hp, 540rpm, 1:1.93 ratio		75hp, 540rpm, 1:1.46 ratio
PTO shaft/clutch	Series 6 with 200mm (8") friction (slip) clutch		
Skids	Adjustable, positive locking, four (4) positions (30mm increments)		
Cutter bar	Lowered, bolt together, high tensile/spring steel		
Blades	Stepped, suction, heat-treated, spring steel pivoting on hardened bushes		
Linkage/Mounting	Double clevis, category 1 and 2		
Tower position(s)	Multiple - offset (left and right) and centre mounted		
Finish	Hot dipped galvanized deck and painted parts		
Stone guards	Front and rear chains (8mm) incorporated into the deck		
Overall width (mm)	1710	2010	2310
Cutting width (mm)	1500	1800	2100
Cutting height (mm)	50 - 140		
Tractor range (hp)	50 - 75	60 - 80	70 - 85
Blade tip speed (ft/min)	16,400	19,560	17,370
Weight (kg)	390	490	530

Options

KHRDW KANGA heavy-duty depth wheel (each)

Parts

100.134 KANGA stepped suction blades (pair)
100.135 KANGA 3/4" blade bolt kit
100.136 KANGA 7/8" blade bolt kit (suit cutters pre-2008)

Multi mount sliding tower

Blade bolt inspection cap

Blade exclusion zones

Waterproof manual holder

Countersunk blade bolts

Depth wheel (optional)
